SUMMARY

Results-driven MERN Stack Developer with hands-on experience building responsive, scalable full-stack web applications. Skilled in React.js, Node.js, Express.js, and MongoDB with real-world exposure to healthcare imaging systems (DICOM/PACS), real-time applications, and blood bank management platforms.

WORK EXPERIENCE

Software Developer — Subharti University

2025 – Present

PACS Medical Imaging Platform

- Built medical imaging platform integrating Orthanc PACS with Stone and Osmosis Viewers for secure DICOM study access.
- Implemented advanced reporting features: generate, print, export, and email options with dynamic templates linked to patient records.
- Designed scalable patient and user management system with RBAC and Modality Worklist (MWL) integration.

Radiology Healthcare System

- Developed radiology workflow modules using React.js, Node.js, Express.js, and PostgreSQL.
- Integrated AI-powered report generation from uploaded medical images to assist radiologists in report creation.
- Built patient management, report management, and study tracking modules.
- Implemented TAT calculation and radiologist performance analytics dashboards.

Blood Donation & Inventory Platform

- Built full-stack blood bank portal with role-based access control (RBAC) supporting Admins, Donors, and Hospitals.
- Implemented donation eligibility screening (evaluating age, weight, and health history) and automated stock verification for hospital requests.
- Integrated secure JWT-based authentication, Nodemailer-based OTP verification, and real-time inventory tracking with notification alerts.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Middleware Integration

Database: MongoDB, Mongoose, PostgreSQL, SQL

Healthcare Technologies: DICOM, Orthanc PACS, Medical Imaging Workflows, AI-Assisted Report Generation

Tools Platforms: Git, GitHub, Vite, Postman, Render, Vercel

Concepts: Authentication, Authorization, RBAC, CRUD Operations, API Integration, Database Management, State Management, Client-Server Architecture

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

PIIT College, Greater Noida

Senior Secondary Education — Science Stream

2023

Shaiffali Public School, Dadri

CERTIFICATIONS

- MERN Stack Development Certification, Apna College
